

# Monaco Advanced Facial Aesthetic Masterclass

**Part of AMWC Monaco**

WEDNESDAY, 29 MARCH 2023

# PRE-CONGRESS *Course*

## ADVANCED FACIAL AESTHETIC MASTERCLASS

The Monaco Advanced Facial Aesthetic Masterclass is aimed at high level discerning doctors in aesthetic medicine. In-depth knowledge of **clinical facial anatomy combined with advanced injection techniques** ensure SAFE and optimal results in aesthetic medicine.

Two modules of the top ten clinically relevant Anatomic Zones will be the focus of each annual masterclass.

**Lips & perioral region enhancing techniques** will be the focus of the morning program and **neck & décolletage** will be covered in the afternoon.

Clinically relevant techniques relying upon ultrasound and cadaveric anatomy are mastered and demonstrated by top plastic surgeons who operate and see the live anatomy of facial tissues on a weekly basis. An eminent faculty of specialists have been selected to inject these focus zones and share the most relevant pearls and pitfalls aiming to safeguard and grow your aesthetic practice.

**Carefully selected models** with challenging features within the focus zones are selected with emphasis on cultural, ethnic and gender variations.

The lecture topics will be put into practice in the live show where paired injectors will have ample time to discuss surface anatomy, choice of filler and toxin, technique, precautions and after care.

**Dr. Ali PIRAYESH**  
Plastic & Aesthetic  
Surgeon, Netherlands  
**Scientific Director**

**Prof. Dario BERTOSSI**  
Professor of Facial  
Plastic Surgery, Italy  
**Scientific Co-Director**
