# DEAR FRIENDS, DEAR COLLEAGUES,

We take great pride in welcoming our speakers, attendees and industry partners to the **19<sup>th</sup> AMWC (Aesthetic & Anti-Aging World Congress), to be held September 16-18, 2021** in Monte-Carlo under the High Patronage of H.S.H. Prince Albert II of Monaco.

Moving to a **HYBRID MODEL**, this edition of the AMWC offers a unified meeting platform combining elements of a physical and virtual event. With the flexibility and choice to participate in person or remotely – This is an opportunity not to be missed!

AMWC 2021 shares an insight into the recent research, cutting edge technologies and rejuvenation techniques, which gains immense interest with the colossal and exuberant presence of adepts.

Under the scientific supervision of the **Aesthetic Multispecialty Society (AMS) and AMWC Scientific Committee**, the scientific program 2021 will pave a way to gather scientists, visionaries and practitioners through the scientific sessions and discussions, and put forward many thought provoking information and therapeutic techniques related to Aesthetics and Anti-Aging. We are sure that each one of you will identify subjects of your interest and will benefit from many fruitful and enriching exchanges.

Thank you for your feedback from the past AMWC Global “The Virtual Edition” which was extremely important for us. The Scientific Committee has been working hard to prepare a memorable AMWC’21 filled with enlightening sessions and to promote and increase an interactive communication among participants and faculty.

The continued growth and success of AMWC have been due to a combination of excellent speakers, dedicated participants, and enthusiastic exhibitors creating a unique multi-specialty atmosphere. **Over 300 leading international companies are showcasing on the 5-floor exhibition area.**

Welcome back to Monaco!

We all feel privileged to have such an opportunity to exchange education and research face to face.

## CME CREDITS

EACCME Accreditation

### AMWC 2021 (Aesthetic & Anti-Aging Medicine World Congress) Monte Carlo, Monaco, 16/09/2021-18/09/2021

has been granted **21** European CME credits (ECMEC®s) by the European Accreditation Council for Continuing Medical Education (EACCME®).

Accreditation by the EACCME® confers the right to place the following statement in all communication materials including the event website, the event programme and the certificate of attendance. The following statements must be used without revision:

- The **AMWC 2021 (Aesthetic & Anti-Aging Medicine World Congress), Monte Carlo, Monaco, 16/09/2021-18/09/2021** has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with **21** European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.
- Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at [www.ama-assn.org/education/earn-credit-participation-international-activities](http://www.ama-assn.org/education/earn-credit-participation-international-activities).
- Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

EACCME® credits

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form. Cf. criteria 9 and 23 of UEMS 2016.20.

In order to help you issue individual certificates to each participants, please find below the breakdown of ECMEC®s per day:

**16.09.2021 - 7.00**  
**17.09.2021 - 7.00**  
**18.09.2021 - 7.00**

The EACCME® awards ECMEC®s on the basis of 1 ECMEC® for one hour of CME with a maximum of 8 ECMEC®s per day. Cf. Chapter X of UEMS 2016.20.
